- Logistics and Overview - Bob Freitag and David Schmidt
- 10:15am Introductions - Bob Freitag
- Goal: Provide an opportunity to better know each other.
- Lightning talks from each organization (4 slides (one with contact information) / 5 minutes each)
- Who in the room is from your organization?/ Best point of contact
  - What are the research goals of your organization? (Examples?)
  - Questions you may need help in answering.
- Noon Opportunities for collaboration
- Summary of findings and recommendations from [September workshop](#)  
Instructions for small group discussions (David Schmidt)
- 12:15pm Working Lunch - boxes provided
- 12:30 pm Small group discussion on the topic of hazard coordination.
- How do we improve coordination and communication between risk researchers and practitioners?
  - How do we develop a curated set of risk briefs?
  - How can we best engage, private/public sectors to build a consortium?
- 1:15 pm Group reporting on discussion of above topics and identification of next steps (David Schmidt / Bob Freitag)
- 2:00 pm Risk Portal for WA State (Himanshu Grover and students)
- Concept for an interactive online tool for future risk assessments
  - Motivation and examples
  - Feedback from the group on the utility and potential for such a tool; interest level from stakeholders for further developing the concept
